# Inauguration by the Pope.

To-day a unique event took place within the precincts of the Holy See the toauguration by his Holiness of a series of athietic sports, some of which are to be held in the actual grounds of the Vaticin. Pius X, has always shown his approval of attempts to promote the physical wallers of the people, and condulty supported he organization of athletic clubs and represtion grounds for these Catholics as Saals-who abstained from joining mations with the Cations of a similar character. The chief organier of these Cartolio clube, Eighor Periodi, recently arranged a general athletic meetlog for all Italy, which is poy, by express desire of the Pope, being held at the Vatican under his immedite patronage. The sports will lest three or four days, long-distance lost and bioyole nose taking place on roads in the vigitly of Boine, and gynthatter the mitt displays. as well as some short rance and other competitions, in the court and partiene of the Vatican. The Pone and many of the Cardinals have offered special prises, besides medils and badges, and the meeting promises to be most successful from the point of view of numbers, hearly every province of Italy being well rapresented in he crowds of young albetes already arrived in Home. The comments of the Italian Press are generally of a

-LONDON, Oct. 3 Scotland Yard effected a dramatic arrest 1376 yesterday, Upon the atrival of the aleamship Granton, the General Sissen-Navigation Company's don', at Gravehend, detectives boarded the vessel and arrested a grey-headed man, 81 years of ale. It is understood that the arrest is in connection with the great bank-note robbery at Liverpool some time ago. It will be remembered that a cotton broker a clark entered the Liverpool bouch at the Bank of England and cashed a chaque for £8 820. receiving notes in payment. Practically he whole of the money was mide up of 12000 new Bank of England cores, though there was 20 in allver and some gold. He walked across Castle Street to Pare's Bank to pay to the money, but was amend on reaching there to find that the potes were missing from his pocket.

The robbery was eleverly carried out. Hours of Business: 8 a.m. to 6 r.m. and nothing was certain as to the methods of the robben. The generally accepted theory was that the clerk, who was employed by Messre Busion & Co was shadowed. Moreover the bank officials declars that they saw a mun standing directly behind him. The Liverpool police recognised that the work was that of international criminals, and promptly adopted the any mean open to them to ened the creaming of the butter in Europe. Buttheir information was not in advance of the criminals. The stolen notes ware tuccossfolly negotiated at banks in France, Ger-

### CARRIAGE OF CONTRABAND.

SEATTLE, Oct. 25.—The North-Western Steamship Company, owning the ateamer "Tacoma," seized by the Japanese during the Russo-Japanese war, has begun a suit in the Superior Court against the Maritime Insurance Company to collect \$13,369.20 the amount of an insurance policy issued on her cargo, which the company refuses to settle, on the ground that at the time of the solzure the vessel was violating the order of President Roosevelt by carrying contraband of w.r. The "Tacoma," left S attle on January 5th wi h a cargo of beef for the Bussian army at Vladivostock, and on March 14th, while attempting to run the blockade, she was seized by a Japanese mathof-war. Later the vessel and cargo were taken before a prize court and condemned. At the time the "Tacoma" left here the local Japaness Consul notified his Government that the boat carried contraband for the Russiane, and it was predicted she would never reach her destination. This to the first case growing out of the late war, and it is said will act as a precedent for others.

### THE COSMOPOLITANISM OF NEW YORK.

NEW YORK, Oct. 23. Rioting Syrians, armed with knives and zevolvers and shricking the battle cries of their factions, turned the lower West Side into a theatre of war late this afternoon, and were not suppressed until after they had fought for an hour and a half, with nearly 300 policeman charging them repeatedly. The affilr is said to have been · fomented by Turkish spies in the hire of the Saltan.

From 5.30 until nearly 7.39 a crowd of Syrians catimated at 3,000 fought through Liberty, Washington, West and Rector Streets, while the policemen struggled · vairly to capture or best into insensibility the leaders of the opposing factions.

For a time a sort of martial law; prevailed and the police lines, strung around the disturbed district, kept away all outsiders. Only four arrests were made and only five. -of the wounded were cared for by ambulance surgeons, but this was due to the fact that the police arrested only the leaders of the rioting, factions while the wounded were carried into houses in the Syrian quarter as quickly as they dropped. At midnight 150 policemen were on guard in the Syrian section to prevent further out-

"The riot was the climax of a conflict between the Russian Catholic church and the Orthodox Sgrian or Russian Church, of which Bishop Havaweeny is the head the vicinity. AFTERMATH OF THE TOKIO RIOTS.

As a result of investigations which the Japanese police have been quietly carrying out ever since the rioting at Tokio in September last, a number of further arrests have just been made. Some of the prisoners are men of considerable eminence, notably Mr Kono, who was President of the Lower House, and who is still an M.P. It is alleged that Mr Kono and a number of other influential sudden and perfectly understandable Foreign lepers are but few and that the peace terms, but had been carefully arranged. Few visitors to Japan are aware that leprosy is very prevalent in many parts of the country, more especially among the residents of Kioto. . Up to the present time no real attempt has been made by the Government to segregate the sufferors from this terrible scourge and the result is that, as in Peking and most other Chinese cities, the stranger going along the street, often unwittingly bumps into an unfortunate in an advanced stage of leprosy. According to the Japan Mail there are no less than 30,000 lepers in Japan. There are four hospitals for the treatment of the disease ture, &c., at Mr Geo. P. While affirming that he did not 'think' there was any danger in bringing a leper into court to give evidence, the Medical Officer suggested that he should not be allowed to stand in the witness box. ### AMERICAN WARSHIPS AT CANTON.

(From our Correspondent.) CANTON, November 29.

The Stars and Stripes are much in evidence in Canton just now, The " Monadmen, and the gunboat "Callao," with 35 men, are now anchored off the Shameen, and is expected here to-day. It is probable that two other vessels will come in during thenext day or so. Some difficulty is being met with in finding good anchorages for such an unusual number of war vessels. What I like about the amateur soldiery of Hongkong is their thoroughness-they don't do things by halves. For instance COMPANIES all over the World. they abandon tenals parties and picnics in order to attend drills, they solemnly eschew chairs and rickshas when on the march, they wear putties and salute their officers, while never, never, have they been known to hire gings of coolies to do the less ornamental parts of their work. Let me instance a case point. I remember being taken in to dinner once by a military magnate of all but the first magnitude. The one topic of conversation at that particular time was the burning question of whether the Praya or the new Naval Docks should be picked up and put somewhere else. "If I had my way," said the gallant officer, "I'd put the defence of Hongkong first and everything else second. I'd collar all the land along the sea-front for barracks, and drill-grounds and staff offices and officers' quarters; I'd reserve the Harbour entirely for the Navy and send all the merchant chips to Mirs Bay; I'd- "But surely," I broke in, "that would rather interfere with the

Could anything have been more splendid and sublime? Here was this sturdy and uncompromising defender of our Empire prepared to resign, with one stroke of the pen, a volume of trade whose smounts' to about twenty-nve million bounds a year! And all for an idea! Fortunately the noble warrior was never called upon to actually make the sacrifice, and I am glad to find that Hongkong is now the greatest port in the world. Long
